SSCH Preschool's Virtual Learning Program | Welcome

While SSCH Preschool is closed for in-person learning this fall, we are pleased to offer the following virtual curriculum. The objectives for this online program are to preserve continuity of learning, as well as to sustain the important connection between school, teachers, and friends. The program outlined below will maintain the scope and sequence of instruction, so that when students return in February they will pick up where the online learning left off and complete a full year of lessons.

Daily Lessons

Our program includes one lesson per day for each age group, in the form of pre-recorded videos and live Zoom events. Daily practice sheets and craft ideas will supplement the videos. Videos will be approximately 15 minutes in length and are planned and recorded by our teaching staff. The weekly schedule is below.

Private Tutorials

In addition to the daily curriculum videos, parents also have the option to enroll their child in private tutorials (1-2 students) with our lead teachers via Zoom. These sessions will provide participating students with personalized, differentiated instruction that will support the daily curriculum videos. This is a unique opportunity to meet the students where they are in their academic development.

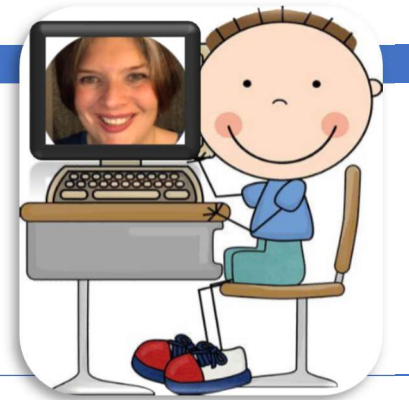

Differentiated Instruction – 30 minutes

- Warm Up – 5 minutes to get to build relationship with the teacher
- Curriculum – 20 minutes, split between math and reading/writing
